Aqua Aerobics

Water aerobics is a form of aerobic exercise that takes place in the water and is usually composed of a variety of exercises. Although almost anyone can participate in water aerobics, the sport is ideal for people with back pain, elderly people or people with delicate bone structures and those who would like to lose weight without putting too much strain on their bodies.

Aqua Arthritic

The aqua arthritic class is a lower intensity Aqua class that utilizes the foam noodles as opposed to the foam weights for even lighter impact on the joints while helping build strength and flexibility.

AquaBox

Intensive water aerobics class. During AquaBox class we'll be teaching different techniques for arm and leg strikes and using different step combinations. This water workout is significantly less burdening on joints.

Aqua Zumba

Blends the Zumba® philosophy with water resistance, for one pool party you shouldn't miss! There is less impact on your joints during an Aqua Zumba® class so you can really let loose. Water creates natural resistance, which means every step is more challenging and helps tone your muscles

BODYPUMP

Total body strength workout that will shape and tone all major muscle groups, increase core strength, improve bone health and leave you feeling strong and fit

Bootcamp

Incorporates body weight, as well as resistance and cardio exercises for a great workout. All levels welcome, this class is modifiable.

Booty Circuit

This 45 min class utilizes circuit training to engage the glutes, quads, hamstrings and lower body.

Butts and Guts

30 minute class dedicated to helping you build, lift and tone your glutes for the booty you've always wanted.

Cardio HIIT

A high-intensity interval training workout which focuses on full body strength conditioning paired with cardio bursts. *This class is recommended for those who have been taking a group fitness class and are advanced in their fitness journey

Cardio Kickboxing

Combines martial arts techniques with fast-paced cardio. Build stamina, improve coordination and flexibility, and burn calories as you build lean muscle with this fun and challenging workout.

Circuit Training

This station based class is a blend of resistance and aerobic exercises, designed to enhance both strength and cardiovascular fitness. Participants will move through each station, performing a different exercise set at each one. The exercises are performed with minimal rest, providing an efficient workout that challenges various aspects of fitness. This class is easily modified for any fitness level.

Core Powerhouse

A 30-minute challenging mix of dynamic core-stabilizing exercises and cardiovascular endurance to get the blood flowing and heart rate elevated. This class is designed to build core muscle groups while improving posture through performing a variety of exercises that strengthen the abdomen. This class is for all levels!

Dynamic Yoga

Active stretching to enhance full-body flexibility, endurance, and balance. Class designed for intermediate to advanced yogis, and also athletes interested in leveling up their mobility
